“ Many years ago Carl helped me replace a transmission in a Capri Ghia. Fortunately he had access to a pit that we worked in beneath the car. I should probably say that I helped him replace it, because I had no idea what I was doing. Also he was considerably stronger than I was and shouldered most of the weight. He was very generous and always helpful.

Carl was such a great guy. I will always remember him and his little giggle when he laughed all the time. Carl will always be remembered fondly by our entire family.
