“*Connie and family, I am so sorry for the loss of Carl, your loving husband, father, brother, grandfather and friend to many. At this time of the year it is so very hard to lose a loved one with the holidays right around the corner. It just makes it harder every year when you have to face the holidays again. But as everyone tells us we are to "move on". Well, that sounds so easy for some but not for people like us. I lost my only daughter 12/26/16. I know I have always said, you grieve for someone the way you loved them and that will be forever until you reunite with them. I remember Connie when you and Carl used to come into the MoJo from the Legion and Carl was a bit tipsy.. He was always so funny and he would sit there, his head bobbing and order his breakfast and then no matter how hard you or anyone would be talking to him, he would be sleeping and his food would come and he would just about drop his head into it... You used to tell him "Carl let's eat," His answer always was I am...and he would take a couple of bites and be back asleep again.. That is how I remember Carl. That was in the happier times when the MoJo was jumping with the Friday/Saturday night crowds and Carl was falling asleep, but still remembered everything. This is the week I keep saying, why can't everything be as it was?? I do believe you will understand what I mean. Connie, you and your family will be in my thoughts and prayers at this time to help give you some calm and peace and love among yourselves. That is what Carl would want I would think... Love you,*
