Carol, I wish I knew how to express my feelings for you. You have always been there for me and my family. You love my family almost as much as I do. You helped me through so much heart ache. I know you are in heaven watching over the people you love. I know we will be together again one day. Please hug mom and daddy for me and let Dave know how very much he is missed. please explain to him I'm doing the best I can with the children. I love you my dear friend.
