

Christine Lee Keiffer

April 4, 1981 - April 6, 2022

Christine Lee Keiffer, our Chrissy, passed away suddenly on April 6, 2022 of pneumonia. Chrissy is the beloved daughter of Nina Keiffer Hackman and Kenneth Hackman, dear granddaughter of Claire L. Keiffer, and sister of Alan Spencer and Brandon and Kassie Hackman of the Mount Joy area. She loves her boys Evan Timblin (age 10) and Julian Lewis Sage Keiffer (age 8) to the moon and back. Her boys were the light of her life.

Chrissy Lee was born in Lancaster on April 4, 1981, attended Maytown Elementary, and graduated from Elizabethtown High School, where she excelled in art and drama. She played the lead in Romeo and Juliet her senior year, sewing her own and others' costumes. She also worked part time as a model for BonTon. Chrissy received the Perseverance and Commitment Award at her graduation in May 2000. She attended the Academy of Massage Therapy & Bodyworks, and worked as a licensed massage therapist. She enjoyed making jewelry, and was preparing to launch an online store. Family and friends who received her handmade jewelry will treasure them always.

Chrissy was a very strong and positive woman. She took up professional roller skating whilst living in Philly, and was an avid yoga practitioner. She loved being in the outdoors and travelling, especially to her grandparents' home in Lake Placid, NY. She was very close to her Maman, who was her "sunshine." Chrissy and her brother Alan took a cross country road trip together to

Eureka, California with many hilarious moments along the way. She also travelled to Europe with her family. She visited Zurich, Switzerland; skied in Kirchdorf, Austria; and reached Neuschwanstein in the middle of a raging blizzard. She took her sons camping, canoeing, swimming, bowling, and to their favorite, Fly Zone. Chrissy enjoyed attending festivals and treasured her “fairy coat” which Mommy loved most of all.

Chrissy lived life with gusto, and as a dear friend said, “Chrissy put the free in free spirit.” She made everyone she met feel cared for, and was so very very kind. She loved her family and friends with all her heart. She loved the beach, fairies, long dresses, braiding anyone’s hair, family gatherings, and turning up the tunes.

In addition to her immediate family, Christine Lee is survived by her Uncle JP and Aunt Chris Keiffer of Columbia; Uncle Lew Keiffer of New York; and Aunt Suzie Keiffer and Uncle Charlie Barone of Mexico City. She also leaves behind six cousins, Katrina, Kirsten, Kelsey, Keegan, Braxton and Barrett; nephew Cayden; nieces Kaylee and Kiera; and the Timblin family.

A celebration of Chrissy’s life was held privately. She will join her Pappy in Wilmington, NY, in the forests they loved. Please think of our Chrissy whenever you walk in the woods, and sense the fairies giggling in the tall grass.

Please write a memory of Chrissy on this website for her sons Evan and Julian. It will be included in memory books for them.

A GoFundMe page for the education of Evan Timblin and Julian Keiffer can be found at: <https://gofundme.com/f/donate-to-the-education-of-evan-julian>

“ *i remember it well, a mutual friend introduced us - saying she & i were very alike and just knew she and i would be great friends. i am so grateful to have had her in my life. We became the utmost best of friends, a bond that stayed strong no matter what. she is always in my thoughts and her departing this world has me heartbroken. i am so sorry for her family and this tremendous loss. i am overwhelmed with sorrow for her young boys. I only wish i lived closer to offer all the help i would give. if there is anything i can possibly do please do not hesitate to ask. She was always so joyful and her smile was contagious.*

I have decided to have a celebration of her life here at my place and will be creating a garden in her honor. Filled with her favorite flowers and things she loved that will represent her spirit. Feel free to contact me if anyone would like to add something to our garden. My sincerest condolences to all her family and friends.

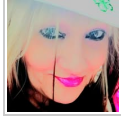

*All my love
Carissa*

“ I didn't know her too well but after all these years I remember having a class with her in High School. It may have been a Spanish class. I was a few years behind her but it was a class open to all the grades. I specifically remember how artistic she was and how she landed the lead role in Romeo and Juliet. By chance, a guy I was dating at the time, needed a dance partner in the play. I gladly accepted and got to see Christine's beautiful talent over and over again. It's amazing the memories that can stick with us all of these years. I definitely had admiration for her and looked up to her as an underclass man. Many prayers for peace and comfort!

“ Dearest Chrissy, you would have loved your service. There were photos, videos, flowers from Mommy's garden, unicorns, collages, art, jewelry, cool shoes, and of course your beloved fairy coat. Grammy gave a beautiful prayer for you and your sons, and we all shared wonderful moments of your life. You are very much loved. The world is a lesser place without you.

“ The moment Chrissy and I met, I loved her. I will always cherish our hours of conversations in the kitchen, the way you were with Jordyne (I promise to keep unicorns near her and will tell her about you) and your loving and kind spirit. The Johnson family wasn't mentioned, but know that we all loved you very very much! I'm lighting a pink candle to represent your hair color for my baby shower that I didn't make it to. I love you sis 💕

“ *Chrissy was a tender loving care giver to her fiancée Joe Johnsons Grandfather Errel Johnson for 2 yrs. She loved being with him to hear his stories, watch the squirrels and talked to him with love and admiration.. Her soft voice made everyone feel at ease.
