“ Colleen was deeply loved by those who knew her, and will be forever missed... But always in our hearts! I believe she is at peace now, but we will need time to heal from her loss.
I love you forever, Col!

“ To my wife... Maybe in another life I could find you there. Pulled away before your time. It's so unfair. The world has grown cold now that you have gone away. I will miss you so much every day

“ What a ball of energy, laughter, love and fun!
Is how I will always carry your memories.
Friendly and kind always open to chatting and so full of love to give to those she cared about the most. It truly is a heartbreaking day. To let you fly with the angels. You won't ever be too far from our hearts and thoughts because those memories will stay with all us. I wish I hugged you a little tighter the last I saw you. Until we meet again rest in eternal peace love and miss you tremendously. 💕👉 all my love Amanda Blazer
