“ *To Chris, Kirsty and Family, You are in my heart, thoughts and prayers. Loss is bad enough, but I can't even imagine how losing a precious child can feel. Please know there are many who love and support you. I pray you will be surrounded by them and wrapped in the love, peace and comfort that only God can give. God bless you.*

“ *To my sweet sweet nephew. ❤️ Though I only held you in my arms for a short time I know that you would have been the most amazing person. You are so loved by everyone most of them you've never even met. You have touched so many lives and hearts in the short time that you were with us. I find myself upset over the things we will never get to see you do but I find peace in knowing that you will never feel pain , or have to experience any of the bad things that this world is made of. There's not an hour that goes by that I don't think of you. You are my first nephew and will forever hold that place in my heart, auntie loves you forever and always. Fly high baby 🥹*

“ *Dallen I got to hold you for a short time. I fell in love with you the first time I saw you. You are your daddy all over from his chin to his toes. I will miss you so much. I won't have those special times with you that a grandmother has with her grandchildren. That special bond. I love you my beautiful boy. You will be forever in my heart.*
