“ I never met Darla in person but we had communicated through the Lancaster cat community. My husband and I were in over our heads with feral cats at our new house and Darla was so encouraging she made me cry. She gave me some advice and then when I followed up and let her know it had worked she responded with “I knew you could do it”. It was simple but made such an impact on me and was just the encouragement I needed in that moment. I am very sorry to hear of her passing.

“ I remember you were the one that introduced me to one of my favorite bands as a kid. our parents weren't to happy for the song you chose tho lol. We spent days singing the song out loud in the streets much to the dismay of everyone. me you and Tammy. It was one of the more fun memories I share of you

“ So grateful that I got to spend the last moments with my sister. Before she past to heaven. Grateful that in the past year got to talk with and get updates on her health. Whether they messages or on the phone. Glad that I was able to visit when I was able to and help when I could.

“ This is her brother Paul. I remember exploring Columbia with her when I was little. We went to this park where kids threw tar all over us. We went to our grandmothers house close by to clean ourselves up.
