“ *Don was a great person and good athlete. I played football with Don at Hempfield under Coach Ted King. I also remember seeing Don at Millersville University between classes while getting a soda or coffee. Don and his older brother always made time to have nice conversations. I am sure that God was very proud with how Don lived his life. He will be really missed by his many friends.*

I met Don when I was 12. Our fathers were both members of the Indian Hannah Hunt Club in Blacklog Valley near Raystown Lake. In due time we both joined the club and spent many happy years hunting and fishing there. Don was especially appreciated during the annual work weekend when we would cut up to 4 cords of firewood. He always had a good chainsaw with a sharp edge and he wielded it like a pro. He was a great Pinochle partner and always complimented my cooking at the camp. He always spoke proudly of his boys and seemed genuinely content with his life. I'll miss him.

I remember Don and his brother Jim rented an apartment on East Orange St. Lancaster PA. I believe it was around 1969. They were both very nice tenants.
