“ *ill never forget our sleepovers and watching scary movies. (movies i was too young for haha) and hanging out in your day bed crocheting for hours. We would sit on your front porch swing at your parents house with your dogs buster and penny. Before them was Buttercup. You would sing "Build me up Buttercup" to her in the car when it came on the radio. I hope you are at peace and with all your fur babies. You will be missed. Love your youngest grandchild.*

“ *To Ellen's Family: Was so sorry to read of Ellen's passing. One of my favorite memories of Ellen is that in my senior year of high school, she loaned me a gown to wear to my senior prom!! I also remember her as being very talented in crocheting and anything to do with art. She will be missed by many - especially her friends at the Northeastern Senior Center.*

Lovely comment. That is so like my mom; always helping people.

She loved going to the Senior Center and missed it during the shutdown. She would often talk about the crafts and bingo, and the fun she had with everyone there.
