“ Dear Family: I worked with Jerry many years ago at Lancaster Press, and Cadmus. I have good memories of him and would like to share a few thoughts about his work ethic. I was always glad when we had customer visits and Jerry was manning the press we utilized to print the covers. His ability around that machine always impressed customers and perspective customers alike. He had such a calm, gentle and confident manner that just gave everyone the assurance that they were in good hands. His nature and personal style made him a person suitable for training younger and less experienced employees. On a more personal note, it was always fun to stop by his work station and share conversation. He was a great employee and a wonderful man. I know you will miss him, and I'm most glad for the opportunity to have known, and shared time with him!!! Best Regards, Don Sherick, Former Exec. VP, Lancaster Press E-mail: Dsherick@aol.com
