“ Gil was a big help to me in the office. He and I had conversations on many things and there wasn't anything he didn't know about baseball. We've never had that lunch we've been planning. I will miss you, Gil, but now you and Carol are together again.

“ Gil always had a smile that would brighten my day at work! I loved sharing and later discussing the books that we read, and for that matter all of our many discussions! He always had something interesting to say, and I will always remember him fondly! He will be missed!
