“ My name is Michele fisher and I took care of Harry Farmer when he resided down on Landis Run! He was a joy to talk to and I love caring for him and helping him on a daily basis with things that he couldn't do on his own anymore! He would always have a smile on his face and he could always make someone laugh! You could tell he loved hunting because he would always watch the geese outside! He would always talk your ear off about hunting and working at PPL! I wish I could have known him before he got this horrible disease! He is in a much better place now and I am blessed that I got to meet him and be one of his caregivers!
