“ Warm thoughts to Jerrod’s family. I worked with him at Elephant Bar Restaurant in Lakewood years ago. He was someone I looked forward to working with because he worked hard but would crack me up while doing it. He was a happy person and made others around him feel the same. My heart breaks for his son. If there is one thing that stands out to me the most about Jerrod, it’s how much he loved his kiddo. So very sad for all.

“ Sending you so much love right now. Jerrod and I were friends in High School and another dear friend, Julie just sent me this photo of all of us on graduation day. I thought I’d share it with you all. Jerrod had the best smile and laugh and was easily the kindest human and most loving. He will be missed by all near and far. All my love - Lea
