“ "Bud" was the big brother I never had. I will miss him more than anyone will ever know. We shared a love for the Big Bands, music , Golf and Football. We visited by phone most of the time and we talked about our lives as kids in Mount Joy and our shared love for our Grandfather and his crazy tricks he would play on us. The fun we had at the Springs and the hunting camp in Perry County. How he and his sister Betty and I would find excuses to borrow our Grandfather's car so we could go to the dances at Hershey Park. He devoted much of his life serving his country in the Air Force and we were in touch during every war and up until just a few days before his death we were talking about politics and the new young golfers and their amazing scores. I know we will meet again because he promised me we would. I love you Bud. You will always be my hero.
