“ My condolences to Jorge's family in the loss of a great friend and working companion.

*I first knew Jorge when he and I joined RCA in 1966. Through all these years and transfers, whenever Jorge was needed, he was there, always willing with a smile and the knowledge to help. He could be depended upon always. After our retiring, we had several monthly get togethers with other retirees and Jorge was again always welcoming with a smile.*

*He will be missed at our luncheons but will not be forgotten.*

“ I had the pleasure of working with Jorge and want to say that he was a great asset to our organization. You could always depend on Jorge, no matter the situation he was always prepared. He was a fine gentleman and never uttered a negative comment about anyone. My regards to his family, I know this is a great loss.
