“ Kathy you are missed, you have been coming to the salon as long as I can remember. Last year you decided to put green mousse in your hair for your class reunion. I saw you at J.B Hostetter's a month or so later and apparently it wasn't as temporary as we all thought but you love it and it showed how spunky you truly are. Thanks For being a blessing in my life over the years Love and miss you Melody

“ I met Kathy at Amp Inc. many years ago. She was always kind to everyone and unfortunately some took an advantage of that. I knew her son, Mike. He was everything to her and his passing had to have been very difficult for Kathy. She will be remembered for her huge heart and unyielding love of people. She attended my husband's service when he passed from cancer nearly a year ago. I pray she has been reunited with her Mikey.
