“ Ken was always very helpful and handy. He made a terrific taco plate, and Mexican food was a specialty. His burritos were excellent as well. He was the first person I knew that had a quadrophonic system, great sounds!

Ken and his wife, Jean let us stay overnight with them in beautiful Sedona in 1987. We had just gotten married and made this stop on the way to the four corners states in the Southwest.

Ken was one of those guys who would always be happy to help, and was a truly good person. Special condolences to Jean.
