“Marilyn and I extend our love and sympathy to each of you. I know it's been a very difficult time these past few weeks but what a legacy your mother leaves, partly demonstrated by your steadfast love and loyalty as you cared for her. May you be comforted in knowing her pain has now ceased and she in the presence of her Lord and Savior. I will always remember the first time I met the Hochenberry family. I believe it was around 1962 when you pulled in the driveway to visit the Heisey Farm driving a yellow Ford. Through I didn't realize it at the time, Harold and Leta were in the process of making a major move, kind of starting life over, willing to learn a new career and move to a different area of the state. Your dad often told me it was worth the risk seeking a better life for himself and his family. Your parents worked hard and sacrificed much in order to make it. I know it wasn't easy for your dad that first year. He was use to working in the coal mines where the temperature average 55 degrees moving to a tobacco patch where temperature could be in the high 90's. But he had a tremendous work ethic and prevailed to become a key person in the farm/ farm service operation. These 55 years have past by very fast. I have enjoyed knowing each of you and value your friendship. Your family is part of my life's story and I thank God for allowing our path to cross. Through your parents are no longer physically with you on life's journey, be comforted in knowing they are probably in each others presence and experiencing an indescribable existence that your mother was welcome into on Saturday. I know both your parents believe in John 3:16 and accepted God's gift of Jesus. The pain will fade and as time go's by those beautiful memories will prevail bringing you comfort and smile that tells you life is good. Our love and prayers Larry and Marilyn
