“ We meet when I was only 18, young dumb and stupid lol and planned on getting married but I got cold feet, we went our separate ways. Never once did I ever give up on the dream of running into u somewhere down the road. Well that road was a very long one that I traveled for 35 years then out of the blue u hooked up urself a facebook account, sent me a message and I couldn't believe it was actually u. In fact I asked u some questions only u would know, and I all but fell of my chair. I was stunned speechles(imagine that lol)and after talkin a few minutes ask me when I could take me out on a date. Well I couldn't respond fast enough "whenever u want to" that was Marth 5th 2020. From the door u told me not ta mention the M word ever and I said I wouldn't cuz I was done with marriages. Then 3 months later u proposed to me and made my whole life dream of carrying ur last name a reality, I vow to u this day I will carry ur last name to my grave baby. I will never luv a man the way I have u all these years. It saddens me greatly that after searching 35 years for u for me to lose u only 13 months later. U took my heart and soul with u baby. R.I.P till I meet u on the other side. I luv u my sexy hand some hubbers now and forever more

As a little boy, Ray wanted the whole world to be friendly like his favorite character Casper the friendly ghost. I am so sorry it took so long for Tammy to make it true. Soar brother.
