“ Greg, I'm so sorry to learn about Mary's passing. I'll always remember our time working together at PA Blue Shield and the advice she gave me when I was searching for my standard poodle. She was so happy when I brought my puppy to visit with her and we had many wonderful times visiting, discussing books we read and going to lunch. I'll miss her but was blessed to have had her as a friend. When I get home from FL I'd like to go to her gravesite.
