“ *My Condolences to the Guinivan Family. I was privileged to serve with Mike on the Parks Commission and Memorial Day Parade Committee. While he was not teaching me, he actually was. I am thankful from all that I have learned from Mike.*

“ *I knew Mike for many years and enjoyed playing cards and conversing with him about a multitude of subjects. Recently I had the opportunity to work with Mike on several volunteer projects and thoroughly enjoined the experience. What really amazed me was Mike's ability to work with many differ personalities and bring everyone together to achieve a common goal. Mike will surely be missed by those who had the pleasure of knowing him.*

“ Mr. Guinivan, I just wanted to say thank you for always having patience with me during high school. I was a goofy, disruptive, loud, and obnoxious kid but you stayed on me and kept me focused. You taught me that there was an entire world of design and photography out there waiting to be conquered. A few years ago I was given a prestigious award and thanked you and a college professor publically. Later that year I asked around about you on facebook but the last any of us heard you were no longer working for the Middletown Area High School. I wanted to reach out and tell you how much you meant to me. I wanted to tell you that I am NOW a designer AND photographer and its all because of you... Mr. Guinivan you chose to help me and I really don't know why but i wish i could tell you to your face how much you and your teaching meant to me. You saved me and for that I will FOREVER be grateful. May God Bless your lovely soul. Your student always...

“ RIP Cuz. I will always remember Mike when he & Tia were dating/engaged. I was a kid & he was the quiet giant. None of the men in the Crispi family were as tall as Mike. Over the years I found him to be a wonderful dad, coach & a hard worker when it came to helping the extended familia! He was always very humble. Even tho the family hasn't been together in years, he will be missed.
