“ What an amazing person she was. She use to call me Android, her nickname for me. She took me to saturday's market where I got my first comic book. She even gave me pointers on how to play Mario 64. She was always kind to me, a fact that I have remembered throughout the years apart.

“ Patti was such a special lady. We chatted most days on social media, mostly about my family ot our mutual love for doTERRA. She loved to share doTERRA and was one of the most consistent distributors on my very large nationwide team. She met regularly with her oil ladies, and they made great crafts together. She was kind, very creative, and I considered her my friend. She will leave an empty space in this world, one that she made better every day. 💜

“ I met Patti at Fellowship Baptist Church. She hosted the Ladies Group and taught Sunday school to my children. We stayed friends for all the years and became Doterra colleagues. She will be so missed. I look forward to our heavenly reunion though.
