“ We just heard of Paula's passing and it leaves us with heavy hearts. We lived across the street from her parents and we watched her grow up. She was amazing at turning cartwheels down the sidewalk and she had a smile like the sunshine, freckles and all. She was a bundle of energy and joy.

“ Greg, Haley, and family: Words cant express how sorry I am at your loss. My memories of Paula are all happy ones of how much we LAUGHED, whether waitressing all those years together at Creekside, or socializing outside work enjoying our friendship. How when "our song" came on at work, we'd pause and look across the dining room at each other, nod our heads in rhythm, and smile. How we'd be silly quoting movie lines, how much fun we'd have going to Shank's after work, how the two of us worked so well together in synchronicity, handling 2 packed dining rooms like nobody's business. Even after her illness during my visits or phone calls, we would always laugh, fondly revisiting our memories. The world lost a good person, whose strength, endurance, and positive attitude were nothing less than AMAZING. She never once complained or said "why me", and we are all better humans for having known her. May she Rest In Peace.

“ Greg, Hailey.... our deepest sympathies to you and the rest of your family. All the years that Brain and Paula worked with Paula, all the times that Portia and Bella spent with her yard sailing and just hanging out will always remain in their hearts. Shirl and I will also cherish the times we've had with her. I'll forever remember all the goofy birthday gifts we exchanged over the years. I have one gift that I threaten to bring up to her this year and never did. My loss! I'm keeping it displayed in her memory, as if we'll ever forget our times with with her. The Leonards

“ My sincere sympathies to the family & friends of Paula. I visited with Paula several times while working for Home Instead a few years ago. I remember her beautiful smile and positive attitude every time I was there. She was truly a special person and I've never forgotten her. I remember once I was having a bad day before my visit with her, and her attitude, strength & brightness made my problems seem insignificant.
My thoughts & prayers are with you all.
Fly high Paula. ❤️
