“ Jo and I send our sincere sympathy to Carole and Stephanie on the passing of their father, Bob. He was a dear friend to our parents Flossie and Jack Bennett. Jo and I have fond memories of visiting you and your Mother and Dad when you lived in Lancaster and, then while you lived outside of Lititz. We hadn't seen Bob for quite a few years, but when he arrived for our Dad's funeral in 1999, I was overcome with emotion. This visit certainly reflected the friendship within the families. Later, he was a dear friend to our Mother. I salute your Dad for his valorous service during World War II.

“ I met Mr. Zink at Landis Valley. I made brooms, he made baskets of which I have several. He was always a very kind and gracious man. His baskets are top quality. He certainly lived a long life. My condolences to the family.

“ Mr. Zink was our assistant principal at Conestoga Valley High during my years there(1968-1972). He was a gentlemen of the first order. In many ways he reminded me of my late father and I imagine he did the same for so many baby boomers. We respected and slightly feared him. Of course we had no idea what he had accomplished and for that matter suffered in the years before we knew him. Having read this tribute I know we all only began to know him. Rest in eternal peace Mr. Zink.

“ Your father was a very kind and gracious man and, a gentleman. And he did make such beautiful baskets. I fondly remember seeing him when he would get together with my father, Gene Crider. Their main topic was, of course, sports. I am so sorry for your loss. My prayers and thoughts go to your entire family. Chris Crider Miller

“ I graduated from Conestoga Valley in 1967. Mr. Zink was a huge influence in my life and made many school days bearable because of his kind and compassionate interaction with me. He allowed me to come into his office and talk when school became a little overwhelming for me. What a blessing to have him as an educator, mentor and friend.

“ 50 years ago I graduated from Conestoga Valley High School and some of my fondest memories are of sitting in "Mr." Zink's office, just chatting. He was kind and patient with all students, and his office was always open. He was a huge influence on me - on how I could view authority figures, and trust him. We were fortunate to see him several times after his retirement at shows with his beautiful baskets, when I could finally call him Bob. What a wonderful man. He will always be in our memories.
