“ *Darma, I find it painfully hard to express my sorrow for your loss. I am very glad I was able to spend time with Bobby at the last family reunions he was able to attend. The first time a few years ago Bobby was so kind to follow up with a very special letter expressing his thoughts on our conversations. I really appreciate that of him. He will be missed by the whole extended family, I assure you. He was a very special man. I'm sorry I haven't had a pleasure of meeting you and hope we can correct that in the near future. Love to your family. Uncle Bill*

“ Bob and I worked together, as he was the CFO where I worked for 10 years. I was very impressed by his positive and encouraging attitude towards all of man kind. When my wife and I thought of going into business for ourselves, we asked Bob if he would be willing to guide us through the startup process. He not only helped us get started, but helped us until his passing. His mentoring, friendship, and knowledge will be truly missed. We Love You Bob and Drema!
