“ Ron was a very caring person and it showed. I recall how he would ask about my father when he was hospitalized and in rehab. The world seems a little less kind today. My condolences to his family.

“ It's not fair that the really good guys in this world have to leave us so soon. I know god has a plan, and you are part of it. Seems he needs all of the best people sooner than some of the rest of us. Stumpy, you were my rock you kept me straight at Armstrong. Helping me and anyone else that needed help. Keeping me on the right path was a full time job. You and your family are in my prayers. My God give your family strength during these trying times.
