“ I worked with Scott for quite a few years at Richter. We worked on many jobs together. He was absolutely one of the nicest men I've known. We often shared family stories. He loved his family. We once went dove hunting together and had a blast. I visited him in the hospital after his surgery a few years back. even then he was upbeat. His coworkers talk about him fairly often, all positive stuff. He gave me his toolbox when he retired and it's still being used today, so I think of him often. He was a great coworker and great person. So sorry for your loss.
