“ Terry was such a kind man. We worked together at the post office and he would make me laugh and always made everyone feel welcome at the break and dinner table. I was so sorry to see what he had to go through this last year. He touched a lot of lives with his thoughtfulness. I know I am not the only one who will miss him. Sending sympathy to his whole family.

“ My Condolences to Terry's Family. We had many fun times. Fair concerts and eating challenges. He loved to try places and activities out. I will miss his dry sense of humor and love of Anglo lives and royal crown. Thankful he is at peace.

“ I extend my deepest sympathy to everyone who knew and loved Terry. I miss him already. He had a big heart and tried to help and be there for someone in need of support, friendship or anything. I met him when I was a Server at the Mount Joy Restaurant. I always looked forward to seeing him there and talking with him. As we became good friends, we spent time going out for meals, going to live music concerts and various events. I am blessed to have had him in my life and have fun doing things with him. Great conversations. I know he was in very poor health. It would be selfish of me to wish he were here. The only way I can accept his passing is to know he is no longer suffering. I hold him close in my heart forever. I love you Terry.

“ Terry was a great friend and true person. He was a giving soul he would give you the shirt off his back if it would help you! He was a person you could trust to be honest. We helped each other through our losses and life. I am blessed to have had him in my life even if only a little while! He is Loved by myself and my family and will truly be missed! We became the best of friends and I wouldn't trade my time with him for anything!
