“ *Wish to offer my sincere sympathy to the family of Mrs. Wallander. She was my immediate supervisor when I worked at the former Columbia Hospital on the 11-7 shift. She had a real no nonsense approach with her staff and I respected her for that . She also had a dry sense of humor these two things I remember about her the most. Years later when I my self became a charge nurse I then really appreciated everything that she had instilled in me. Wishing you peace.*
