“ I worked for Bill during important phases of the TMI-2 accident recovery and he is in large measure, responsible for major aspects of my professional growth. I am honored to call him my friend. We had some interesting times together but we always came out on top. He was a great friend. God Speed Pottsy!!!

“ Pam and Deb, we are so sorry to hear about your loss. I worked for Bill at TMI and was proud to call him a friend. We went thru many hard times there but were able to overcome them. I will always appreciate the chance he gave me and the guidance he provided me. It helped me become a better supervisor and leader of my workers. Our prayers are with both of you and the rest of your family. Peter & Anita Velez

“ Hello to Bill's family: I knew a Bill Potts in Charleston, SC in the 1960s who, like me, served on a nuclear submarine. If this is your Bill, I just wanted to say that I really enjoyed knowing Bill and, to this day, I still tell stories to friends that he told me. He was a great guy.
